ETIQUETTE

1. No one should move, talk or stand close to or directly behind the ball or the hole when a player is addressing the ball or making a stroke.
2. The player who has the honour should be allowed to play before his opponent or fellow competitor tees his ball.
3. No player should play until the players in front are out of range.
4. In the interest of all, players should play without delay.
5. Players searching for a ball should allow other players coming up to pass them: they should signal to the players following them to pass, and should not continue their play until those players have passed and are out of range.
6. Before leaving a bunker, a player should carefully fill up all holes made by him therein.
7. Through the green, a player should ensure that any turf cut or displaced by him is replaced at once and pressed down, and that, after the players have holed out, any damage to the putting green made by the ball or the player is carefully repaired.
8. Where sand buckets are provided ALL players must carry and use the sand to repair divot marks.
9. Players should ensure that, when dropping bags or the flagstick, no damage is caused to the putting green, and that neither they or their caddies damage the hole by standing close to the hole when handling the flagstick or in removing the ball from the hole. The flagstick should be properly replaced in the hole before the player leaves the putting green.
10. When the play of a hole has been completed, players should immediately leave the putting green.

PRIORITY ON THE COURSE

A single player has no standing and should give way to a match of any kind. Any match playing a whole round is entitled to pass a match playing a shorter round.

If the match fails to keep its place on the course and loses more than one hole on the players in front, it should allow the match following to pass.
